8th Grade Science: Earth Science Course - Study.com

Although there isn't a specific recommended course of study for eighth-grade science, students typically continue to explore earth, physical, and life science topics. Some students may take a general or physical science course for high school credit while in eighth grade. Common general science topics include the scientific method and terminology. Earth science topics include ecology and the environment, conservation, composition of the earth, oceans, atmosphere, weather, water and its uses, ...
