Abandonment of the Patient

By Ellen D. Baer | Used ...

Patient Abandonment refers to withdrawal from treatment of a patient without giving reasonable notice or providing a competent replacement. Tangential to withdrawing from a case in which treatment has already begun is the refusal to initiate treatment, which many patients also take as an act of abandonment.

Abandonment Of The Patient

Generally, abandonment does not occur if the physician responsible for the patient arranges for a substitute physician to take his or her place. This change may occur
