«La creatividad no tiene ni fondo ni techo aunque haya partes de su crecimiento que sean lentas. El ingrediente que se precisa es la fe —entendida como confianza férrea en uno mismo—. Este libro te muestra el camino y la fe necesarios para liberar la creatividad de las personas. Tómallo como un ejercicio para abrirte a una nueva perspectiva y libera al artista que llevas dentro». Julia Cameron La mayoría de nosotros anhelamos ser más creativos y muchos creemos que conseguir serlo es imposible porque en realidad no lo somos. Este planteamiento es erróneo y lo único que provoca es que nuestra creatividad se quede dormida en nuestro interior junto a nuestra verdadera esencia. A menudo nos negamos el placer de soñar, de conseguir lo que siempre hemos deseado, de rechazar nuestros impulsos naturales, nuestra propia personalidad. El camino del artista nos enseña a crear con mayor libertad a través de la utilización consciente de una serie de herramientas que nos ayudarán a terminar con el bloqueo creativo. After the publication of the bestselling book *The Artists' Way*, Julia Cameron and Mark Bryan, co-creators of the country's most successful course on creativity, were often told that their techniques helped people achieve their business goals. This spurred them to refine the methods to help people perform more creatively and effectively at work. The program is revealed in *The Artists' Way at Work*: a twelve-week encounter with your own ingenuity, struggles, strengths and dreams -- as well as the political guidance to enable you to get things done. Through powerful self-assessment exercises with intriguing titles such as "Power Inside vs. Power Outside," "Developing Creative Continuity," and "Finding Your Truth," readers learn to release their creative spirit at work and tap reserves of energy, vision, and passion. *The Artists' Way at Work* will help you excel in your job, launch the business of your dreams, or find the career you love. The processes in this book are rooted in cutting-edge principles of human development, organizational behavior, and the arts. They have been rigorously tested among business audiences and will unleash a degree of satisfaction at work (and in life) you may never have believed possible. It combines Austin Kleon's unique and compelling ideas with the physical quality that makes journals like Moleskines so enormously popular. From international bestselling author Will Gompertz, *Think Like an Artist* is a guide to increasing creativity and productivity with help from some of the greatest artists throughout history. How do artists think? Where does their creativity originate? How can we, too, learn to be more creative? After getting up close and personal with some of the world's leading creative thinkers, Gompertz has discovered traits that are common to them all. He outlines basic practices and processes that allow your talents to flourish and enable you to embrace your inner Picasso—no matter what you do for a living. With wisdom, inspiration, and advice from an author named one of the 50 most original thinkers in the world by *Creativity* magazine, *Think Like an Artist* is an illuminating view into the habits that make people successful.
