But after some gentle coaxing from me, eventually he relaxed, and I'd found myself caught up in the sound of his laughter and the sparkle in his eyes as he shared funny stories about our boss. After lunch, he'd retreated back into himself, and not wanting to push too hard, I'd decided to give him some space.

The breathless finale to the New York Times bestselling Rebel of the Sands series will have you on the edge of your seat until the dust from the final battle clears! When gunslinging Amani Al'Hiza escaped her dead-end town, she never imagined she'd join a revolution, let alone lead one. But after the bloodthirsty Sultan of Miraji imprisoned the Rebel Prince Ahmed in the mythical city of Eremot, she doesn't have a choice. Armed with only her revolver, her wits, and her untameable Demdji powers, Amani must rally her skeleton crew of rebels for a rescue mission through the unforgiving desert to a place that, according to maps, doesn't exist. As she watches those she loves most lay their lives on the line against ghouls and enemy soldiers, Amani questions whether she can be the leader they need or if she is leading them all to their deaths.

Profiles heroic figures from the beginning of the United States' history to the present whose contributions to society the author asserts have been overshadowed by the actions of those the liberal media holds in high esteem.

Publisher's description: In the first full-length biography of Alexander Hamilton in decades, National Book Award winner Ron Chernow tells the riveting story of a man who overcame all odds to shape, inspire, and scandalize the newborn America. According to historian Joseph Ellis, Alexander Hamilton is "a robust full-length portrait, in my view the best ever written, of the most brilliant, charismatic and dangerous founder of them all." Few figures in American history have been more hotly debated or more grossly misunderstood than Alexander Hamilton. Chernow's biography gives Hamilton his due and sets the record straight, deftly illustrating that the political and economic greatness of today's America is the result of Hamilton's countless sacrifices to champion ideas that were often wildly disputed during his time. "To repudiate his legacy," Chernow writes, "is, in many ways, to repudiate the modern world." Chernow here recounts Hamilton's turbulent life: an illegitimate, largely self-taught orphan from the Caribbean, he came out of nowhere to take America by storm, rising to become George Washington's aide-de-camp in the Continental Army, coauthoring The Federalist Papers, founding the Bank of New York, leading the Federalist Party, and becoming the first Treasury Secretary of the United States. Historians have long told the story of America's birth as the triumph of Jefferson's democratic ideals over the aristocratic intentions of Hamilton. Chernow presents an entirely different man, whose legendary ambitions were motivated not merely by self-interest but by passionate patriotism and a stubborn will to build the foundations of American prosperity and power. His is a Hamilton far more human than we've encountered before—from his shame about his birth to his fiery aspirations, from his intimate relationships with childhood friends to his titanic feuds with Jefferson, Madison, Adams, Monroe, and Burr, and from his highly public affair with Maria Reynolds to his loving marriage to his loyal wife Eliza. And never before has there been a more vivid account of Hamilton's famous and mysterious death in a duel with Aaron Burr in July of 1804. Chernow's biography is not just a portrait of Hamilton, but the story of America's birth seen through its most central figure. At a critical time to look back to our roots, Alexander Hamilton will remind readers of the purpose of our institutions and our heritage as Americans.

This book offers 25 profiles of some of the most popular female action heroes throughout the history of film, television, comic books, and video games. * Comprises 25 profiles, arranged alphabetically * 70 sidebars provide additional information on pertinent topics, individuals, and symbols * Includes a chronology of major appearances of the 25 female action heroes in film, television, comic books, and video games, as well as women's fashion trends and major events in women's history * Offers a photograph of each featured, female action hero * Presents a glossary of 39 terms, including female archetypes

like "femme fatale" and social movements like "third-wave feminism" * Provides a selected bibliography of books and Internet sites related to the topics of female action heroes, women's history, and media studies

In this beautifully written novel of historical fiction, bestselling author Susan Holloway Scott tells the story of Alexander Hamilton's wife, Eliza—a fascinating, strong-willed heroine in her own right and a key figure in one of the most gripping periods in American history. "Love is not easy with a man chosen by Fate for greatness . . ." As the daughter of a respected general, Elizabeth Schuyler is accustomed to socializing with dignitaries and soldiers. But no visitor to her parents' home has affected her so strongly as Alexander Hamilton, a charismatic, ambitious aide to George Washington. They marry quickly, and despite the tumult of the American Revolution, Eliza is confident in her brilliant husband and in her role as his helpmate. But it is in the aftermath of war, as Hamilton becomes one of the country's most important figures, that she truly comes into her own. In the new capital, Eliza becomes an adored member of society, respected for her fierce devotion to Hamilton as well as her grace. Behind closed doors, she astutely manages their expanding household, and assists her husband with his political writings. Yet some challenges are impossible to prepare for. Through public scandal, betrayal, personal heartbreak, and tragedy, she is tested again and again. In the end, it will be Eliza's indomitable strength that makes her not only Hamilton's most crucial ally in life, but also his most loyal advocate after his death, determined to preserve his legacy while pursuing her own extraordinary path through the nation they helped shape together.

TIME introduces the Heroes of History series—life stories of extraordinary Americans, illustrated in full-color. Think you know everything about Alexander Hamilton? Think again! The original immigrant success story brought to life in the musical Hamilton is every bit as amazing and controversial now as it was in the 18th century. TIME tells the whole story of the nation's first Secretary of the Treasury—a founding father with a complicated and ultimately tragic story that didn't end with the duel in Weehawken. Young adult readers ready to look beyond the "Who Was" series deserve a collection of biographies all their own with the details, nuance, and depth they crave. With dozens of reproductions of artworks, artifacts from the period, photographs, and illustrations created to bring the subject alive, this first book in the new series, Heroes of History, captures "the quintessential immigrant success story" and brings his life and chaotic, revolutionary times into fresh focus.

John Buchan may hold the title of the man who invented spy adventure, bringing Richard Hannay fully formed to readers in the early 19th century. Hannay is just one of his masterful creations, Edward Leithen and Sandy Arbuthnot would follow the Hannay novels and bring their own unique adventures to millions of enthralled readers.

"Until recently, many historians, as well as people in general, have commonly accepted the idea that every man, woman, and child in the South stood loyally behind Jefferson Davis and the Stars and Bars in support of the Confederacy. Despite the fact that out of a population of about eight million whites, six hundred thousand offered their services to the Confederacy in 1861, and also the fact that the staunch, unswerving loyalty of Southerners during the war will continue to rouse admiration, there was, in 1861, a small number, which by 1865 had increased to a potent minority, that did nothing to aid the Confederacy and much to injure it. While many showed their disaffection only by refusing to fight, many others organized not only for self-protection but also for the destruction of the Confederacy. Before the end of the war, there was much disaffection in every state, and many of the disloyal had formed into bands—in some states into well organized, active societies, with signs, oaths, grips, and passwords. In the present study, an attempt has been made to discover the causes for this movement, the classes that participated in it, and the purpose and work of the organizations. "Disloyalty in the Confederacy definitely puts to rout the belief, once common, that 'every man, woman and child stood behind Jefferson Davis and the Stars and Bars in support of the Confederacy.' —New York Times Book Review "This is the sort of book necessary to balance accounts of the Southern Confederacy. Heretofore, the impression has been too often left that the South fought as a unit with a common purpose."—Journal of Southern History

With one-third of known species being threatened with extinction, wildlife conservationists are some of the most important heroes on the planet, and Wildlife Heroes profiles the work of 40 of the leading conservationists and the animals and causes they are committed to saving, such as Belinda Low (zebras), Iain Douglas-Hamilton (elephants), Karen Eckert (sea turtles), S.T. Wong (sun bear), Steve Galster (wildlife trade), and Wangari Maathai (habitat loss). Since we all should have an interest in conservation, there is a chapter providing information on ways people can get involved and make a difference. Chapter introductions are by author Kuki Gallmann, actor Ted Danson, actress Stefanie Powers, Congressman Jay Inslee, and TV personality Jack Hanna.

A New York Times Bestseller and one of the best historical fiction books of 2016 and 2017! "A juicy answer to Ron Chernow's Alexander Hamilton..." --Cosmopolitan Set against the dramatic backdrop of the American Revolution, and featuring a cast of legendary characters, The Hamilton Affair tells the sweeping, tumultuous, true story of Alexander Hamilton and Elizabeth Schuyler, from passionate and tender beginnings of their romance to his fateful duel on the banks of the Hudson River. Hamilton was a bastard and orphan, raised in the Caribbean and desperate for legitimacy, who became one of the American Revolution's most dashing--and improbable--heroes. Admired by George Washington, scorned by Thomas Jefferson, Hamilton was a lightning rod: the most controversial leader of the new nation. Elizabeth was the wealthy, beautiful, adventurous daughter of the respectable Schuyler clan--and a pioneering advocate for women. Together, the unlikely couple braved the dangers of war, the perils of seduction, the anguish of infidelity, and the scourge of partisanship that menaced their family and the country itself. With flawless writing, brilliantly drawn characters, and epic scope, The Hamilton Affair tells a story of love forged in revolution and tested by the bitter strife of young America, and will take its place among the greatest novels of American history ever written.
