only MBA-level text to present a balance of financial theory and applications.

Gain a clear understanding of why financial markets exist, how financial institutions serve these markets, and what services those institutions offer with the proven conceptual framework and clear presentation in Madura's best-selling FINANCIAL MARKETS AND INSTITUTIONS 11E. The text weaves timely examples and practical applications throughout as it emphasizes the securities traded by and the scope of participation of financial institutions within each market. Readers focus on the management, performance, and regulatory aspects of financial institutions and explore the functions of the Federal Reserve System, the major debt and equity security markets, and the derivative security market. This text emphasizes current financial reform with updates throughout that provide a thorough understanding of today's most recent financial changes, developments and trends. Combining current coverage with a student-friendly modular format, BASIC FINANCE: AN INTRODUCTION TO FINANCIAL INSTITUTIONS, INVESTMENTS & MANAGEMENT, 11E introduces the three primary aspects of finance and examines how they are interrelated to give students a firm foundation in all of finance--not just corporate finance. Each chapter offers a concise, self-contained treatment of one or two finance concepts, or institutions easily covered in a single class period. Students can build on what they learn through the text's Internet resources, number problems, illustrations using financial calculators, and a Microsoft Excel appendix. The time value of money is emphasized throughout. The 11th Edition includes

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.
