## Learning A Language Chapter 2

Language proficiency is multidimensional and entails linguistic, cognitive, and sociocultural factors. As students learn a second language, they progress at different rates along a continuum of predictable stages. CAN DO Descriptors depict what students can do with language at different levels of language proficiency.

1. (G) In the first paragraph of this chapter, second language learning is described as a complex, long-term effort that requires much of the learner. In small groups of three to five, share your own experiences in learning, or attempting to learn, a foreign language. Describe your own (a) commitment, (b) involvement, and (c) effort to learn.

1. How and why do languages resemble each other? 2. How and why do languages differ from each other? These questions are dealt with, from different angles, in the chapters on language universals, linguistic typology, language families and language contact. The chapter on language variation moves the focus from inter-language to intra-language
