This book is dedicated to the legion of BMW 3-series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection/ its format allows more of these enthusiasts to get out into the garage and work on their BMWs-and in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3-series sports sedan. Focusing on the 1984-1999 E30 and E36 models, 101 Performance Projects for Your BMW 3-Series presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects.

In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. Blowout! fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

The Secretis an international phenomenon that has inspired millions of people to live extraordinary lives. The Secret to Teen Powermakes that material accessible and relevant for today's over programmed, stressed-out teens. It took the passing of an old friend to get Zach Barron back together with his first love. When he pulled into the old rickety funeral parlor he had no idea his days of peace and quiet would be shattered in more ways than one. The soft voice of Nicky standing behind him gave him chills down his spine. Time couldn't shadow the enchantment he felt in his heart. After a brief re-acquainting, Zach agrees to escort Nicky to New Jersey for a wedding. When Nicky and the bride fail to return from the beach, Zach explodes into action before something terrible happens. His search takes him to New York where he completely undermines an F.B.I. ongoing investigation. He endangers the lives of not only himself but of Nicky and the bride, the F.B.I agents, and others as he stirs up a sleeping terrorist cell. They manage to escape driving to Annapolis Maryland only to realize they are the hunted. Terrible consequences await them. Zack has to keep vigilant and rely on his training and a sharp mind to keep them alive. When Zach uncovers a plot for a National tragedy, he enlists his rivals in the F.B.I, as well as the coast guard, and the air force for help. Gene Bert certainly rivets together the romance, action, suspense and characters in this fast paced edge of your seat thriller. Gene Bert draws upon a combination of personal experience, recent events and imagination to bring his works to life.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

The Omnitrix has been replaced by the even more powerful Ultimatrix and Ben's a little bit older now - but he's still turning alien to destroy villains and help keep the good folks in the galaxy safe from harm! It's a tall order, so Ben's really glad that he still has Gwen and Kevin (and their amazing powers) by his side. And Ben now has newer and even more AWESOME aliens than ever! So come and be reunited with some old friends and foes - and meet some new ones, too! Check out the alien facts, brain-busting puzzles and the epic comic strip.
