A BEGINNER'S MANUAL 2021 TO EARNING PASSIVE INCOME WITH CRYPTOCURRENCY BY Fred. N. Gottman Passive Income Earning Trading or investing in projects is one approach to make money in the blockchain business. However, that typically requires detailed research and a substantial investment of time - but it still won't guarantee a reliable source of income. Even the best investors can experience prolonged periods of loss, and one of the ways to survive them is to have alternative sources of income. There are other methods than trading or investing that can help you increase your cryptocurrency holdings. These can pay ongoing income similar to earning interest, but only require some effort to set up and little or no effort to maintain. According to Fred N. Gottman, you can have several streams of income by this way, in combination with each other, which can add up to a significant amount. This manual will go through some of the ways that you can earn a passive income with cryptocurrency and the risk of earning passive income with various cryptocurrency. Do you want to make money every day? Do you want to make money without having to work every day? Do you want to enjoy the freedom that comes with being wealthy? The question then is, how? And yes, the answer is passive income, what you have certainly heard about. The average person spends his or her life working for money. Some work at a job, others run their own businesses and others do both. They essentially rely on these two sources to earn a living. The kind of income derivable from these sources is called active income. All these persons have to keep working to keep living. It's like driving a car. You have to keep your hands on the steering and your leg on the accelerator for the car to keep moving. You stop exerting yourself, and your cash flow runs dry. Now, nobody wants to be in a position where they can't take a break from work without the fear that their income will take a huge hit. This is what makes the idea of a passive income very attractive. So what exactly is this idea of passive income? Passive income is having your asset do the working while you simply do the earning. It is income received on a regular basis which requires little or no effort on the part of the recipient. With an active income, the asset is the person. You are the goose that lays the egg, whether golden or otherwise. But where passive income is concerned, your initial investment-be it in the form of money or effort-is what keeps the cash flowing. This book seeks to expose you to a variety of ways to generate passive income. From the very familiar ideas of real estate, stock and other conventional income streams to the many novel internet-based ideas, this book gives the reader a basic understanding of these ideas. It also offers nuggets that will help the reader set out and gain a competitive advantage in the market. This manual is the first book in a series by Passive Income Factory on how to build your financial freedom. In this guide you'll discover: 55 various strategies to generate passive income with minimum investment the secret of Warren Buffett's strategy, thanks to which he became one of the richest investors in the World. how to create passive income on the fundamental truth that the sun will always shine how to make up to \$1K/month from your car passively with no investments how to turn public info into a source of income how to get paid just for turning on your computer a bunch of methods to create your first assets with zero investment And many more proven effective ideas to create passive income. Millions, if not billions, of people all over the world, proceed working on their jobs every day to earn a living. They envy the rich and think that there is no chance to change their lives. They think that investing in assets needs a lot of money and therefore they will never become rich. And they don't even know how wrong they are. But you no longer need to be one of them. This book will reveal to you that there are many methods to create your first asset without any investment. Just click "Add to Cart" and make your first steps to your financial and personal freedom right now!

Are you looking for ways of investing your money in and live off the passive income? Are you looking for methods to protect and increase your capital? The question then is, how? The good news is there are several ways to generate passive income. The bad news is, there's so many out there that you'll likely find yourself buried under a rubble of information, none of which is actionable or practical. After all, it's easy enough to say, "Go buy dividend stocks" or "go invest in real estate". How much does one invest, though? What sort of returns can you expect? How reliable are these returns and how safe is your investment? No one seems to have any answers to these questions. In fact, most don't even bother defining what passive income is and how the definition of this type of income depends completely upon you. This manual is the second book in a series by Passive Income Factory on how to build your financial freedom. The 1st book revealed to you 55 strategies of how to generate passive income with minimum or even zero investment. And that is 2nd book in the series, it will allow you to find out the best, in our opinion, asset creation strategies if you can afford to invest up to 3 or more thousand dollars. In this book you'll find: 21 advanced strategies to create assets and increase your capital insight into how assets are built and indeed, what an asset even is step-by-step guide on how to develop each of 21 strategy exactly how you can implement these proven effective investing methods immediately understanding of how simple or difficult it is to turn to each idea reflected in this book (a special grading scale is used) realistic expectations about the amount of money return you can count on each strategy include such useful info as steps to success, do's and don't's, how to build passivity And much, much more! This is not a book that promises to teach you to make 200% monthly returns. Because you hardly find here adventurous pseudo-strategies and unrealizable promises of quick enrichment. This book is rooted in facts and reality and by implementing these methods, you will consistently build your assets and your financial freedom. Either way, you can be sure that all the 21 methods listed in this book work and, what's more, you will learn how exactly you can implement them immediately because each chapter is a detailed blueprint of the implementation of a specific strategy. Just click "Add to Cart" and move ahead of your financial freedom right now!
