While influencer marketing on social media is not new, we believe it has a lot of potential to develop further as an industry. In a recent working paper, Duani et al. show that consumers enjoy watching a live experience much more and for longer time periods than watching a prerecorded one. Hence, we think live streaming by influencers will continue to grow, in broad domains as well as niche ones.

This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

In the digital age, numerous technological tools are available to enhance business processes. When these tools are used effectively, knowledge sharing and organizational success are significantly increased. Social Media Marketing: Breakthroughs in Research and Practice contains a compendium of the latest academic material on the use, strategies, and applications of social media marketing in business today. Including innovative studies on email usage, social interaction technologies, and internet privacy, this publication is an ideal source for managers, corporate trainers, researchers, academics, and students interested in the business applications of social media marketing.

Blogs, networking sites, and other examples of the social web provide businesses with a largely untapped marketing channel for products and services. But how do you take advantage of them? With The New Community Rules, you'll understand how social web technologies work, and learn the most practical and effective ways to reach people who frequent these sites. Written by an expert in social media and viral marketing, this book cuts through the hype and jargon to give you intelligent advice and strategies for positioning your business on the social web, with case studies that show how other companies have used this approach. The New Community Rules will help you: Explore blogging and microblogging, and find out how to use applications such as Twitter to create brand awareness Learn the art of conversation marketing, and how social media thrives on honesty and transparency Manage and enhance your online reputation through the social web Tap into the increasingly influential video and podcasting market Discover which tactics work -- and which don't -- by learning about what other marketers have tried Many consumers today use the Web as a voice. The New Community Rules demonstrates how you can join the conversation, contribute to the community, and bring people to your product or service.

Social media has provided endless opportunities for marketers, fuelling their desire to learn more about their consumers through this dynamic online environment. Yet many organisations are finding it difficult to create effective marketing strategies, making decisions that are based on research that is highly focused on the nature and boundaries of social media. The changing behaviour of consumers, variety of platforms and changing culture indicates that much of the research around this topic is still highly fragmented. Social Media in the Marketing Context: A State of the Art Analysis and Future Directions provides a comprehensive overview of the current literature surrounding social media and the marketing discipline, highlighting future development opportunities in both knowledge and practice. includes extensive literature search on social media in the context of the marketing discipline provides key areas for future research and recommendations for practitioners shows the importance for marketers of understanding individual behaviour on social media

Shopper Marketing will help managers think systematically about shopper marketing challenges and opportunities. By defining shopper marketing to encompass all marketing activities that influence a shopper along, and beyond, the path-to-purchase, Shankar provides a unified framework for manufacturer and retailer collaboration. He encourages a win-win perspective in which manufacturers and retailers align their marketing activities to meet shopper needs and build better relationships with customers.

To survive in today's competitive business environment, marketing professionals must look to develop innovative methods of reaching their customers and stakeholders. Web 2.0 provides a useful tool in developing the relationships between business and consumer. The Handbook of Research on Integrating Social Media into Strategic Marketing explores the use of social networking and other online media in marketing communications, including both best practices and common pitfalls to provide comprehensive coverage of the topic. This book is intended for marketing professionals, business managers, and anyone interested in how social media fits into today's marketing environments.

In a short time span, social media has transformed communication, as well as the way consumers buy, live and utilize products and services. Understanding the perspectives of both consumers and marketers can help organizations to design, develop and implement better social media marketing strategies. However, academic research on social media marketing has not kept pace with the practical applications and this has led to a critical void in social media literature. This new text expertly bridges that void. Contemporary Issues in Social Media provides the most cutting edge findings in social media marketing, through original chapters from a range of the world's leading specialists in the area. Topics include: • The consumer journey in a social media world • Social media and customer relationship management (CRM) • Social media marketing goals and objectives • Social media and recruitment • Microblogging strategy And many more. The book is ideal for students of social media marketing, social media marketing professionals, researchers and academicians who are interested in knowing more about social media marketing. The book will also become a reference resource for those organizations which want to use social media marketing for their brands.

Are you looking to take advantage of social media for your business or organization? With easy-to-understand introductions to blogging, forums, opinion and review sites, and social networks such as Twitter, Facebook, and LinkedIn, this book will help you choose the best -- and avoid the worst -- of the social web's unique marketing opportunities. The Social Media Marketing Book guides you through the maze of communities, platforms, and social media tools so you can decide which ones to use, and how to use them most effectively. With an objective approach and clear, straightforward language, Dan Zarrella, aka "The Social Media & Marketing Scientist," shows you how to plan and implement campaigns intelligently, and then measure results and track return on investment. Whether you're a seasoned pro or new to the social web, this book will take you beyond the jargon to social media marketing mastery. Make sense of this complicated environment with the help of screenshots, graphs, and visual explanations Understand the history and culture of each social media type, including features, functionality, and protocols Get clear-cut explanations of the methods you need to trigger viral marketing successes Choose the technologies and marketing tactics most relevant to your campaign goals Learn how to set specific goals for your campaigns and evaluate them according to key performance indicators Praise for The Social Media Marketing Book: "Let Zarrella take you to social-media marketing school. You'll learn more from reading this book than a month of research on the Internet."--Guy Kawasaki, co-founder of Alltop.com "If I could be any other person for a day, it would be Dan Zarrella. Either him or Brad Pitt. But Dan's smarter. This book is why I say that."--Chris Brogan, President of New Marketing Labs "This book demonstrates a beginning to the endless possibilities of the Social Web."-- Brian Solis, publisher of leading marketing blog PR 2.0
