'In A Split Second, It Was All Over. I Had Been Shot ...

A book about reactions, relationships, life, and how they can all change literally in one split second. The way the truth is revealed gradually made me want to keep on reading "just one more chapter" each time I picked up the book. Descriptively and compassionately written, I found it easy to read, whilst being thought provoking.

Split Second picks up just days after where Pivot Point left off, and for that reason alone, I'd recommend re-reading just the last few chapters of Pivot Point to ease into this book. That's what I did, and it helped me get my head back into this world of Norms and ParaNorms.
