I understand from Telstra staff last night, that the Telstra network uses these LTE frequencies (4G and 4GX). 700 MHz; 1800 MHz; Note: I was explicitly told by three staff that Telstra DO NOT SUPPORT 2600 MHz. But according to various references (see \*1 below) Telstra use (or will use) 2600MHz for their 4GX devices.

— Irish Book of the Year Finalist! — An Amazon Best Books of the Year So Far pick! A whimsical, touching debut about loneliness, friendship and hope... Vivian doesn't feel like she fits in - and never has. As a child, she was so whimsical that her parents told her she was "left by fairies." Now, living alone in Dublin, the neighbors treat her like she's crazy, her older sister condescends to her, social workers seem to have registered her as troubled, and she hasn't a friend in the world. So, she decides it's time to change her life: She begins by advertising for a friend. Not just any friend. She wants one named Penelope. Meanwhile, she roams the city, mapping out a new neighborhood every day, seeking her escape route to a better world, the other world her parents told her she came from. And then one day someone named Penelope answers her ad for a friend. And from that moment on, Vivian's life begins to change. Debut author Caitriona Lally offers readers an exhilaratingly fresh take on the Irish love for lyricism, humor, and inventive wordplay in a book that is, in itself, deeply charming, and deeply moving.

This practical book describes how the tools from Lean Management can be applied to the CX innovation problem. The authors draw on hundreds of CX design and strategic innovation projects across a range of industries, both B2B and B2C, from primary research through client work and secondary case studies available in the public domain. The examples include many different vertical industry sectors, including those involving hybrid business models. The cases included share what worked really well and where CX failed. The content goes beyond what actually happened to present an idea of what might be possible with the right design approach and committed resources.
