The Bread for Life diet is centered around the theory that when you raise serotonin (accomplished by all that bread) you are able to decrease hunger pangs and avoid cravings. It doesn't hurt that serotonin is the hormone responsible for good moods and high energy.

Bread for Life - 1000+ Best Weight Loss Supplements & Diet ...

The bread for life diet claims that bread is a comfort food and is the most satisfying food you can eat. Eating bread, according to the claim, raises your serotonin levels, in turn making you feel good and feel satisfied. The claim states that if you feel satisfied, you will be unlikely to have cravings and overeat. The bread for life diet makes that claim that 15% of dieters who follow it will keep off their lost weight.
