How Technology Is Augmenting Traditional Theater

We want to produce versatile and creative technicians, stage managers and designers capable of working across the whole performing arts sector. In your first year, you get a thorough grounding in a range of production skills in lighting, sound, stage management and design and construction. From the second year onwards you can specialise in areas that include Stage Management, Lighting, AV, Sound or Set and Prop Construction or continue building a broad skill set.

Theatre & Performance Technology (BA)

How has technology changed theatre? Here are four ways technology has changed the onstage performance landscape: 1) Technology and Music. Without a doubt, a musical theatre performer must be aware of the altered responsibilities musicians have with the inclusion of digital tech. The most noteworthy change is the use of tracked or pre-recorded music in live performance settings, a concept that is vehemently debated, and usually abhorred by musicians.

Digital Drama: The technology transforming theatre - BBC News

Theatre - Theatre - The evolution of modern theatrical production: Underlying the theatrical developments of the 19th century, and in many cases inspiring them, were the social upheavals that followed the French Revolution. Throughout Europe the middle class took over the theatres and effected changes in repertoire, style, and decorum. In those countries that experienced revolutionary change ...

Theatre - The evolution of modern theatrical production ...

Using digital technology enables artists to create work lasts beyond the moment of performance. It creates opportunities for live work to have a ' digital afterlife ', or to continue a creative process online. This is especially useful for theatre artists who work in a field which has no tangible product. by Matthew Austin

Why theatre & technology? | Theatre Sandbox

Performance and entertainment technology plays a key role in the live arts, from traditional theatre to music festivals, corporate events and cruise ships. On our programme you learn the ropes of the back-stage industry in the theatre. Once you have mastered all aspects of technical theatre, including lighting, live sound, stage management, prop buying and making, construction and AV, you can apply these skills to wider areas of media, arts and event production.
