Thomas Oatley's International Political
Economy provides essential background to
the interplay of economic behavior and
political institutions. It takes seriously the
role that economics plays in defining the
interests of political actors but also
introduces the student to the operation of
institutions that govern international trade
and finance.

International Political Economy, 5Th Edition by Thomas Oatley Edited by Thomas Oatley and W. Kindred Winecoff. This extensive Handbook provides an in-depth exploration of the political economy dynamics associated with the international monetary and financial systems. Leading experts offer a fresh take on research into the interaction between system structure, the self-interest of private firms, the political institutions within which governments make policy, and the ideas that influence beliefs about appropriate policy responses.

International ...

International political economy (IPE), also known as global political economy (GPE), refers to either economics or an interdisciplinary academic discipline that analyzes economics, politics and international relations. When it is used to refer to the latter, it usually focuses on political economy and economics, although it may also draw on a few other distinct academic schools, notably ...
