Developing CAD Standards: A How-to for Busy Government CAD ...

Hey everyone, I am working on a project that has been a colossal mess (stated politely) We have several companies that all have their own way of setting up models. I'm dealing with 8+ Revit files for one project. One company is in charge of part of a discipline and used Autocad MEP and a different company used 2d cad for the other part of the same discipline.

National CAD Standards - National Revit Standards

hig-icons/common/24/close-24. CAD standards matter. We are aware of this. Yet so few of us have taken the time to develop, document, and deploy the CAD standards we desperately need. We have the best intentions — we say we will "get to it when things slow down."
